

What is Care for Carers?

We are a voluntary organization and part of the charity, The small Society (TsS). Our primary aim is to provide refuge and respite for Carers particularly those who are supporting someone with a mental health disorder. We offer a place of refuge as a short term stay for Carers on a free of charge basis.

Who is Care for Carers for?

We provide residential breaks for anyone acting in the capacity as a carer, because we want to support those who support others although we are currently unable to accommodate pets.

What does Care for Carers provide?

We offer two separate dwellings on private land, each one accommodating up to two people sharing, for a six-night stay. Both private accommodations have bathroom facilities and a small kitchenette. The outdoor space will be shared and there is also an allotment where help is always appreciated. We provide a continental style (i.e. cold) breakfast daily and a Sunday evening meal on arrival. There will be another cooked meal on the Friday evening before departure on the Saturday morning (dietary requirements will be catered for).

Where is Care for Carers based?

The accommodation is in the centre of Deal. The beach is a short 5-minute walk away, with plenty of coffee shops, restaurants and things to do in the heart of town.
